

Commodity Credit Corporation, USDA

§ 1436.8

(2) For sugar-related loans, the loan amount may include costs associated with the purchase, installation, building, improving, remodeling or renovating an eligible storage or handling facility. Eligible facilities include the following:

(i) New conventional-type bins or silos designed for and used to store raw or refined sugar, having a useful life of at least 15 years;

(ii) New flat-type storage structures including a permanent concrete floor, designed for and used to store raw or refined sugar, having a useful life of at least 15 years;

(iii) New storage structures designed for and used to store in-process sugar, having a useful life of at least 15 years.

(iv) Permanently affixed sugar handling equipment determined by the CCC to be needed and essential to the proper functioning of the sugar storage system;

(v) Safety equipment CCC requires such as lighting, and inside and outside ladders;

(vi) Equipment to improve, maintain, or monitor the quality of stored sugar, such as moisture testers, and heat detectors;

(vii) Electrical equipment, including labor and materials for installation, such as lighting, motors, and wiring integral to the proper operation of the sugar storage and handling equipment; and

(viii) Concrete foundations, aprons, pits, and pads (including site preparation, labor and materials) essential to the proper operation of the sugar storage and handling equipment.

(3) For sugar-related loans, storage and handling equipment that is not eligible for loans, includes:

(i) Portable handling equipment and portable augers;

(ii) Structures of a temporary nature that require the weight or bulk of the stored commodity to maintain its shape (such as fences or bags);

(iii) Used or pre-owned structures or handling equipment;

(iv) Structures that are not suitable for storing raw or refined sugar;

(v) Weigh scales.

(4) For sugar-related loans, loans may be approved for financing additions to or modifications of an existing

storage facility with an expected useful life of at least 15 years if CCC determines there is a need for the capacity of the structure.

§ 1436.7 Loan term.

The maximum term of the loan shall be 7 years from the date a promissory note and security agreement are executed, except in the case of a sugar-related loan in which case CCC, at its discretion, may authorize a loan of 15 years. The minimum term of a sugar-related loan is 7 years. No extensions of the loan term will be granted. The loan balance and all related costs are due 7 years from the date of the execution of the promissory note and security agreement, except in the case of a sugar-related loan, in which case such balance and costs are due 15 years from the date of the promissory note and security agreement are executed.

[67 FR 54939, Aug. 26, 2002]

§ 1436.8 Security for loan.

(a) Except as agreed to by CCC, all loans shall be secured by a promissory note and security agreement covering the farm storage facility. The promissory note and security agreement shall grant CCC a security interest in the collateral and shall be perfected in the manner specified in the laws of the state where the collateral is located. CCC's security interest in the collateral shall constitute the sole security interest in such collateral except for prior liens on the underlying realty that by operation of law attach to the collateral if it is or will become a fixture. If any such prior lien on the realty will attach to the collateral, a severance agreement must be obtained in writing from each holder of such a lien, including all government or USDA agencies. No additional liens or encumbrances may be placed on the storage facility after the loan is approved unless CCC approves otherwise in writing.

(b) For loan amounts exceeding \$50,000, or where the aggregate outstanding loan balance will exceed \$50,000 or for loans where the approving
